**MESSAGE TO ALL JIHAD ENTHUSIASTS
UNABLE TO PERFORM HIJRA**

Sheikh Anwar al-Awlaqi

There is another issue that needs to be brought when it is talking about the issue of Hijra, and that is the judgement of Jihad in the cause of Allah today.

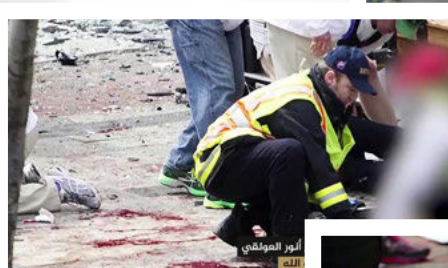

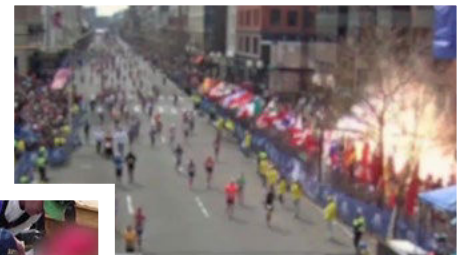

Now, we know that the judgement of Jihad in the cause of Allah today is mandatory because it is defensive Jihad, which is mandatory. So, in addition to the need for Muslims to move out from land of disbelief, you have another obligation, which is clearly an obligation, and that is the Jihad in the cause of Allah. So, this leaves the Muslims who are living in the land of the disbelievers with the choice of either staying behind and fulfilling the obligations of religion, which also includes Jihad in the cause of Allah, or moving out. Because if you stay without fulfilling this act of worship, which is already an obligation, that means you are not able to worship Allah. And if you are not able to worship Allah, then you need to move out.

So, as a conclusion, somebody who is living in the land of the disbelievers needs to decide, if they want to stay behind, then they have to have a participation, an active participation in Jihad in the cause of Allah, whether it is with the life or with the wealth.

Boston Marathon Operation – 2013

Carried out by the two brothers Dzhokhar and Tamerlan Tsarnaev

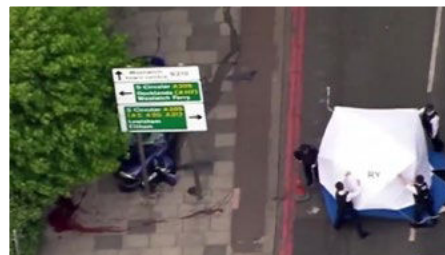

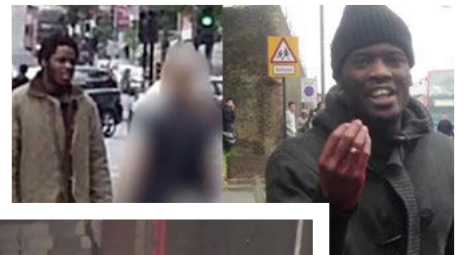

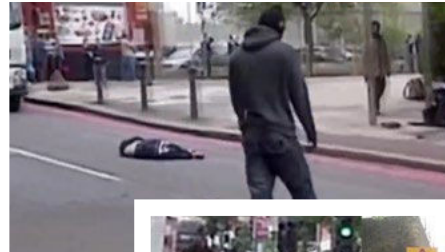

Sheikh Abu Yahya al-Libi

Anyone who carries out an individual operation, whether in America, Britain, France or other countries that fight Muslims and openly transgress against them, he must feel that he is participating with his mujahidin brothers in their jihad. And the importance of his act, if he masters it and does it well, is not less than the importance of the acts they engage in on the open battlefields. Rather, it may be that one operation in the heart of the home of the disbelievers, and carried out by one person, a measured, precise and selected target operation, it is much more beneficial to Islam and Muslims than dozens of other military operations on battlefields.

Tashfeen Malik – May Allah have mercy on them

Sheikh Qasim al-Raymi

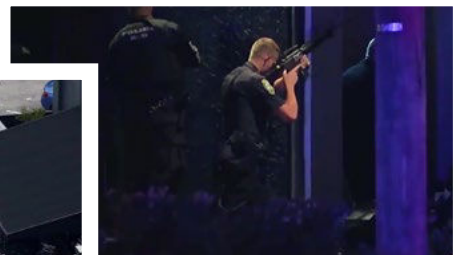

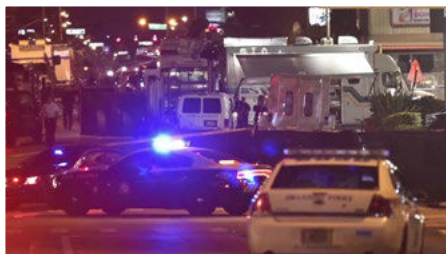

My Mujahid brother, we do not view you as an individual – even though it is referred to as Individual Jihad. We rather view you as a group, a brigade, or even an army in itself. A single operation that you execute, we wish we had an army that would carry it out. However, you are that army. And it is important to view yourself from this angle, that you are a part of this Ummah, a part of this body, if any part of the body is not well then the whole body shares the sleepiness and fever with it. We are a single united body, and today this body is in pain in many places. And you are situated in a place where you can harm our enemy. And so it is upon you to carry out that role.

Sheikh Hamza bin Laden

Accomplish your goals with secrecy. Attain the highest level of perfection in your actions, exercise utmost care and caution, and prepare diligently to inflict crippling losses on those who have disbelieved.

Be perfect in your choice of targets, so that you may damage your enemies more. Be professional in your choice of weapons. It is not necessary that it should be a military tool. If you are able to pick a firearm, well and good; if not, the options are many.

Follow in the footsteps of martyrdom-seekers before you. Pick off from where they left, for this will help you. Don't underestimate yourself.

Prioritize the following targets:

First: Everyone who transgresses against our pure Religion, or against our beloved Prophet -Peace and blessings of Allah be upon him-. Next, look out for Jewish interests everywhere. If you are unable to find these, target American Crusaders. If you are unable to go for American Crusaders, target the interests of the Crusader member states of NATO.

I strongly advise that the message you intend to convey through your blessed operation must be explained unequivocally in the media. It is absolutely imperative that people should know the objective of your operation.

– Britain 2013

We must fight them as they fight us. An eye for an eye and a tooth for a tooth. I apologise that women had to witness this today. But in our land our women have to see the same. You people will never be safe. Remove your government, they don't care about you.

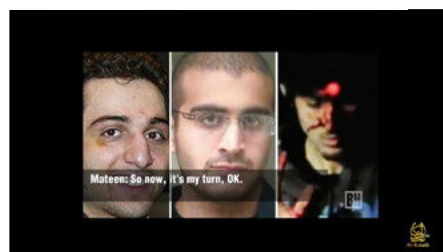

Omar Mateen

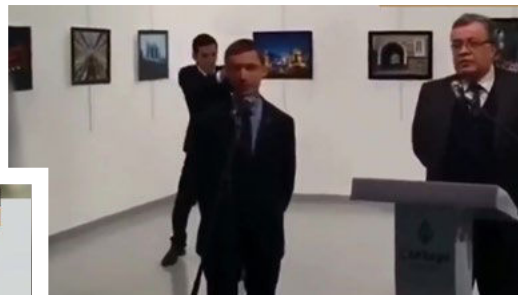

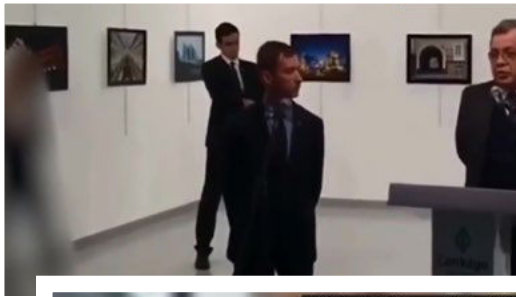

You have to tell America to stop bombing Syria and Iraq. They're killing a lot of innocent people. So, what am I to do here when my people are getting killed over there?

The U.S. is collaborating with Russia and they're killing innocent women and children, OK. My homeboy Tamerlan Tsarnaev did his thing on the Boston Marathon. My homeboy Munir did his thing, OK. So now, it's my turn, OK.

Assassination of Russian ambassador to Turkey – 2016

Carried out by : The Hero, The Martyr Melvüt Mert Altıntaş

Melvüt Mert Altıntaş

Allah is Greater! Allah is Greater! We are those who have pledged allegiance to Muhammad for Jihad for as long as we live! Allah is Greater

Don't forget Aleppo! Don't forget Syria! You will not taste security until our countries are secure! All those who have participated in this injustice will be accountable to, one by one!

Sheikh Ayman al-Zawahiri

They must know that as they bomb, they will be bombed, as they kill, they will be killed, as they injure, they will be injured, and as they destroy, burn and exterminate, they will be destroyed, burned and exterminated.

They must know that war is a shared division and that retribution is according to the nature of the work.

So implore help from Allah and do not fail. And it may be that there is in the film of the As-Sahab foundation, "SO FIGHT IN THE CAUSE OF ALLAH; YOU ARE NOT HELD RESPONSIBLE EXCEPT FOR YOURSELF" and in the issues of the magazine "INSPIRE" published by Al-Malahem Foundation of

Al-Qaeda organization in the Arabian Peninsula, an enrichment of the ideas for these methods.

O Muslim Mujahid in the countries of the Crusader West, learn what are the rules legislated in fight, then seek your targets that the Shari'ah permits to strike, examine the appropriate means, strive your best in preparation, hide your affair from the people closest to you and beware of spies infiltrated among the Muslims, then be resolute and advance victorious, Allah willing.

Sheikh Khubayb al-Sudani

Just as America fought us from afar as a solution to mitigate losses, we fought it from afar by Lone Jihad. And just as America killed some of our people, we killed some of theirs, but it's not the same; our dead are in Paradise and their dead are in (Hell) fire, and the war is on both sides and it's not over yet.

Sheikh Harith al-Nadhari

Sabrah ibn Abi Fakih - May Allah be pleased with him - said, the Messenger of Allah ﷺ said, "*Shaitan sits in the paths of the son of Adam. He sits waiting for him, in the path to Islam, and he says: Will you accept Islam, and leave your religion, and the religion of your forefathers? But he disobeys him and accepts Islam. Then he sits waiting for him, on the path to emigration, and he says: Will you emigrate and leave behind your land and sky? The one who emigrates is like a horse tethered to a peg. But he disobeys him and emigrates. Then he sits, waiting for him, on the path to Jihad, and he says: Will you perform Jihad when it will cost you your life and your wealth? You will fight and be killed, and your wife will remarry, and your wealth will be divided. But he disobeys him and performs Jihad.*" The Messenger of Allah ﷺ said, "*Whoever does that, then he had a right from Allah that He will admit him to Paradise. Whoever is killed, he has a right from Allah that He will admit him to Paradise. If he is drowned, he has a right from Allah that He will admit him to paradise, or whoever is thrown by his mount and his neck is broken, he had a right from Allah that he will admit him to Paradise.*"

Hadith narrated by Al-Nasai, and it is a sahih hadith.
